Subject: Allied Paper/Portage Creek/Kalamazoo December Public Meeting and Fact Sheet

We are trying to plan a Allied Paper/Kalamazoo River update meeting sometime in the first 2 weeks of December. The current timing of this meeting is dependent upon both the schedule of the Portage Creek media event and the Allied Paper OU availability session (we are trying to avoid having the Allied meeting and the update meeting the same week). Regardless of those other meeting dates, we will need to develop a fact sheet to update everyone on the progress of our respective Operable Unit and Removal work.

The title of the new Fact Sheet should be something to the effect of "Portage Creek Cleanup Completed ahead of schedule". Like the previous fact sheet (link included below), we will need an update on the work that was completed at Portage Creek, a figure, and updates from everyone else on work completed this summer and upcoming activities/work for the winter or spring. Please take a look at the fact sheet, copy the text into a word document, update the information and submit to Patty by 11/6 at the latest. We will need to have a draft fact sheet prepared and also run it by ORC before it's finalized.

Patty, you should receive separate write-ups from: Sheila Desai (mills), Michael Berkoff (landfills), Jim Saric (river), and Paul/Craig (Portage Creek cleanup).

Finally, please cc me on your email to Patty with the Fact sheet information; and let me know your availability for an evening meeting either Dec 3, 4, 5 or Dec 10, 11, 12. I will need each of you to be able to provide a short presentation on your relative projects at the public meeting.
